IN SUPPORT OF DEFENDANTS CSAA

FEES AND COSTS UNDER C.C.P. § 425.16(c)**

///

1 I, Tyler J. O'Connell, declare:

2 1. I am an attorney licensed to practice law before all courts in the State of California, and I
3 am an attorney at the law firm of Porter Scott, counsel of record for Defendants CSAA INSURANCE
4 EXCHANGE, CARBONE, SMITH & KOYAMA, and MICHAEL R. CHAMBERS. Except for those
5 matters stated on information and belief, the facts set forth herein are true of my own personal knowledge
6 and if called as a witness, I could and would properly testify hereto.

7 2. On April 9, 2026, I caused to be filed with the Court and served on Plaintiff by Certified
8 Mail and courtesy copy via email a copy of Defendants' Special Motion to Strike per Code Civ. Proc.
9 § 425.16 ("Anti-SLAPP motion").

10 3. Defendants' Anti-SLAPP motion is based on the nature of Plaintiff's allegations as
11 contained in the original Complaint and in the First Amended Complaint ("FAC"). Plaintiff's allegations
12 squarely target Defendants' litigation conduct all from Plaintiff's underlying personal injury jury trial—
13 which Plaintiff lost by defense verdict in April 2025.

14 4. Prior to filing the Anti-SLAPP motion, I informed Plaintiff in writing, and on a phone call,
15 of my intention of filing an Anti-SLAPP motion should he not withdraw the FAC, in its entirety—as the
16 entirety of the purported legal theories in Plaintiff's FAC focus inextricably on Defendants' protected
17 litigation conduct.

18 5. Plaintiff refused to withdraw his FAC, in writing and on two meet and confer phone calls.
19 And Defendants' Anti-SLAPP motion was properly filed on April 9, 2026.

20 6. On May 12, 2026, Defendants' Anti-SLAPP motion came for hearing, and the Court
21 granted Defendants' Anti-SLAPP motion, in its entirety. (Attached hereto as **Exhibit A** is a true and
22 correct copy of this Court's May 12, 2026 minute order, granting Defendants' Anti-SLAPP motion.)

23 7. On August 6, 2026, this Court signed the final Order granting Defendants' Anti-SLAPP
24 motion in its entirety. (Attached hereto as **Exhibit B** is a true and correct copy of this Court's final Order,
25 entered by the Court on August 6, 2026, granting Defendants' Anti-SLAPP motion.)

26 8. I had previously attached, to Defendants' Reply to Opposition to Anti-SLAPP, a copy of
27 legal invoicing from my office in this matter. That invoicing, attached to Reply, was limited only to those
28 matters directly related to preparing, meet and confer efforts regarding, drafting, filing, and appearing in

1 Court with respect to Defendants' Anti-SLAPP motion. This created a reduced attorneys' fees amount
2 when compared to the full amounts billed in attorneys' fees on this case.

3 9. Plaintiff has continued to litigate this case—after the Anti-SLAPP ruling—by submitting
4 memoranda, briefs, and very lengthy email correspondences and letters in an effort to challenge this
5 Court's May 12, 2026 minute order granting Defendants' Anti-SLAPP motion. Plaintiff has also
6 threatened to file further actions in Contra Costa County, in an effort to circumvent and sidestep this
7 Court's Anti-SLAPP ruling altogether. Therefore, the amount of attorneys' fees requested in this motion
8 also accounts for Plaintiff's post-Anti-SLAPP Order conduct.

9 10. After a review and analysis of controlling statutory and case authorities, I am now
10 submitting a revised legal fees invoicing, which no longer reduces the recoverable attorneys' fees.

11 11. My attorney's fees in this action are invoiced at a billable rate of \$210 per hour and I spent
12 169.30 hours in litigating this case against Plaintiff, in its entirety, up through July 10, 2026. As the entirety
13 of the case is legally unsupportable, under Code Civ. Proc. § 425.16, I therefore move this Court for all
14 fees incurred by Defendants in being forced to litigate this meritless lawsuit, including preparing and filing
15 Defendants' Anti-SLAPP motion and this Motion for Attorneys' fees, supporting Declarations, review
16 and analysis of this motion, correspondences with clients and Plaintiff, gathering and marking exhibits,
17 and preparing for the hearing on this motion. I anticipate spending another 2 hours attending the hearing
18 for this motion. Hence, in total my attorneys' fees expended in litigating this case are: **\$39,509.50**.
19 (Attached hereto as **Exhibit C** is a true and correct copy of my office's invoicing for attorneys' fees
20 incurred in this matter—redacted to preserve privilege, but listing all pertinent information, hours, and
21 fees incurred).

22 12. Defendants' costs incurred for the life of this case, up through August 18, 2026, total
23 **\$1,637.41**. (Attached hereto as **Exhibit D** is a true and correct copy of my office's invoicing for costs
24 incurred in this matter).

25 13. In total, my office's attorneys' fees and costs incurred in this matter, from Plaintiff's filing
26 through August 18, 2026, totals **\$41,146.91**.

27 ///

28 ///

1 I declare under penalty of perjury under the laws of the State of California that the foregoing is
2 true and correct, and that this declaration was executed this 19TH day of August 2026, at Sacramento,
3 California.

Hearing held. ARGUED. Court having reviewed the pleadings and having heard oral argument rules as follows:

DEFENDANTS CSAA INSURANCE EXCHANGE, MICHAEL CHAMBERS, and
CARBONE, SMITH & KOYAMA's MOTION TO STRIKE Amended COMPLAINT.

Defendants' anti-SLAPP motion to strike is GRANTED. Defendants are entitled to fees and may make a separate motion or seek fees with their cost bill, but a request for a particular amount of fees for the first time on reply does not give sufficient notice.

Case Number: CGC-25-631801

Case Title: FRANCISCUS DYLAN ROSARIO VS. SUBHI ABDELHALIM ET AL

The court broadly construes the anti-SLAPP statute. (Code Civ. Proc., § 425.16, subd. (a).) Courts deciding anti-SLAPP motions use a two-step procedure. If the defendant shows that the plaintiff's claims arise from protected activity (prong one), then the burden "shifts to the plaintiff to demonstrate the merit of the claim by establishing a probability of success" (prong two). (*Baral v. Schnitt* (2016) 1 Cal.5th 376, 384.) Under prong two, the plaintiff must make a "prima facie factual showing sufficient to sustain a favorable judgment." (*Id.*, at p. 385.) In performing its analysis, the court looks to the pleadings, declarations or affidavits, and judicially noticeable material concerning the facts upon which liability is based. (Code Civ. Proc., § 425.16, subd. (b)(2).)

"[A] claim may be struck only if the speech or petitioning activity *itself* is the wrong complained of, and not just evidence of liability or a step leading to some different act for which liability is asserted." (*Park v. Board of Trustees of California State University* (2017) 2 Cal.5th 1057, 1060 [emphasis in original].) Defendants meet prong one of the anti-SLAPP statute. The First Amended Complaint ("FAC") arises from protected activity under Code of Civil Procedure, § 425.16, subd. (e)(2) ["any written or oral statement or writing made in connection with an issue under consideration or review by a...judicial body"]. "Statements made in litigation, or in connection with litigation, are protected by" the anti-SLAPP statute. (*Bergstein v. Stroock & Stroock & Lavan LLP* (2015) 236 Cal.App.4th 793, 803; *Navellier v. Sletten* (2002) 29 Cal.4th 82, 90 ["The constitutional right of petition encompasses the basic act of filing litigation."] [citation simplified]; *Ahmed v. Collect Access, LLC* (2025) 114 Cal.App.5th 1092 [equitable action to vacate a judgment triggered prong one of the anti-SLAPP statute].)

Here, plaintiff seeks to vacate a prior court judgment and recover "ancillary monetary relief" based on allegedly fraudulent litigation conduct. (FAC, 27:13-26.) The litigation conduct itself is the wrong that plaintiff complains of. The FAC specifically references protected litigation activity. (See, e.g., FAC. 10:18-19 ["CSAA Insurance Exchange, made multiple false and misleading representations to the Court..."]; FAC, 3:6-9["The defense obstructed Plaintiff's ability to present material evidence"]; FAC, 6:21-22 [Defense counsels' "conduct constituted fraud on the court and was a proximate cause of the process corruption that procured the judgment."].)

Plaintiff's citation to Code of Civil Procedure, § 425.17, subdivision (c) [commercial exemption] is inapposite. Plaintiff sues over litigation conduct, not commercial activity.

Since defendants meet prong one, the plaintiff must establish via admissible evidence a probability of prevailing on the claims (prong two). (See *Computer Xpress, Inc. v. Jackson* (2001) 93 Cal.App.4th 993, 1010.) At prong two, "a plaintiff must make a prima facie showing of facts which would, if proved at trial, support a judgment in plaintiff's favor. This standard is similar to the standard used in determining motions for nonsuit, directed verdict, or summary judgment, in that the court cannot weigh the evidence. However, the plaintiff cannot simply rely on the allegations in the complaint, but must provide the court with sufficient evidence to permit the court to determine whether there is a probability that the plaintiff will prevail on the claim." (*Id.* [citation simplified].)

Case Number: CGC-25-631801

Case Title: FRANCISCUS DYLAN ROSARIO VS. SUBHI ABDELHALIM ET AL

Plaintiff does not meet his prong two. While plaintiff attempts to characterize his claim as an equitable action to vacate a judgment based on extrinsic fraud, it is really a non-cognizable claim based on intrinsic fraud.

“The extrinsic/intrinsic fraud rule is a doctrine developed in courts of equity governing the basis for successful collateral attack on a final judgment by way of an independent proceeding. The rule is that fraud internal to the adversary proceeding, such as perjury committed during trial or error or mistake during the trial, is intrinsic and is not a basis for relief; but fraud that prevented the trial of a claim or prevented the defrauded party from getting into court at all, is extrinsic to the proceeding and is a basis for relief. Obviously, where there has been little or no judicial time invested in trial of a cause or an issue, the factor of judicial economy which otherwise weighs in favor of finality is less strong, and the equitable considerations of fair hearing and of penalizing fraud weigh more compellingly.” (*Los Angeles Airways, Inc. v. Hughes Tool Co.* (1979) 95 Cal.App.3d 1, 7.) In this case, plaintiff is seeking to vacate a judgment after a full-blown trial and is even appealing the judgment. “Extrinsic fraud usually arises when a party is denied a fair adversary hearing because he has been deliberately kept in ignorance of the action or proceeding, or in some other way fraudulently prevented from presenting his claim or defense.” (*Kulchar v. Kulchar* (1969) 1 Cal.3d 467, 471 [citation simplified].) Plaintiff complains that movants obstructed his ability to present evidence, but the issues he raises in the FAC were fully litigated in the trial court. (See RFJN Ex. E, Def’s MIL # 6; RFJN Ex. F, Def’s MIL # 8; RFJN Ex. G, Def’s MIL # 17; and RFJN Ex. H, Order re Trial Scheduling and MILs). Plaintiff presented his case, lost, and may pursue his appeal rights.

Civil Code § 47(b) [litigation privilege] does not bar a claim to vacate a claim to vacate a judgment based on extrinsic fraud. (*Rubenstein v. Rubenstein* (2000) 81 Cal.App.4th 1131, 1147 [absolute litigation privilege bars derivative tort actions (including fraud) but does not eliminate the equitable remedy of vacating a fraudulently obtained judgment].) If plaintiff merely sought to vacate the judgment, there would be no need to name movants (insurer and defense counsel). The litigation privilege, however, does bar plaintiff’s request for “ancillary monetary relief,” which is really a claim for fraud damages against defendants. “The usual formulation is that the privilege applies to any communication (1) made in judicial or quasi-judicial proceedings; (2) by litigants or other participants authorized by law; (3) to achieve the objects of the litigation; and (4) that have some connection or logical relation to the action.” (*Silberg v. Anderson* (1990) 50 Cal.3d 205, 212.) Defendants establish these elements. “Any doubt about whether the privilege applies is resolved in favor of applying it.” (*Kashian v. Harriman* (2002) 98 Cal.App.4th 892, 913.) The privilege also “extends to noncommunicative acts that are necessarily related to the communicative conduct...” (*Rusheen v. Cohen* (2006) 37 Cal.4th 1048, 1065.)

The court grants defendants’ motion to strike the FAC in its entirety. Defendants may seek fees by separate motion. (Code Civ. Proc., § 425.16, subd. (c)(1).) The court does not consider plaintiff’s various supplemental opposition briefs, which were filed without authorization, but does consider plaintiff’s requests for judicial notice.

Case Number: CGC-25-631801

Case Title: FRANCISCUS DYLAN ROSARIO VS. SUBHI ABDELHALIM ET AL

Counsel for the prevailing party is required to prepare a proposed order which repeats verbatim the substantive portion of the tentative ruling in compliance with CRC 3.1312.
